PRODUCT DESCRIPTION TECHNO JOBMASTER XTREMEGRIP PU / TPU

The Techno JOBMASTER XtremeGrip PU / TPU offers the best comfort, safety and durability for all activities. It offers thermal insulation down to -30°C / -22°F. Techno JOBMASTER keeps your feet dry and warm in cold and wet working conditions. The boot is resistant to oils, fats, organic solvents and a variety of chemicals. The XtremeGrip PU / TPU SRC outsole offers superior safety and grip in all conditions. The red TPU area in the outsole improves the outsole performance by 10% compared to a traditional PU sole. Thanks to the best BASF polyurethane raw material this is the world's most comfortable and versatile working boot. Lightweight, strong, flexible and with a durability 3 to 4 times longer compared to the traditional pvc and rubber boots. The superior durability and competitive pricing offers important cost savings. The removable, shockabsorbing and washable insoles give you the comfort you deserve. Techno JOBMASTER XtremeGrip PU/TPU : the best and most comfortable solution for all jobs. No more heavy or tired legs after a hard day's work. Techno JOBMASTER XtremeGrip PU / TPU has the following certificates : CE, S4, S5, SRC (SRA + SRB), CI (cold insulation).
