TECHNO TROYA RIGGER ALASKA XTREMEGRIP PU / TPU

The Techno TROYA RIGGER ALASKA XtremeGrip PU / TPU offers the best comfort, safety and durability for all activities in cold environments. It offers thermal insulation down to -50°C / -58°F thanks to the thermo inner lining. Techno TROYA keeps your feet dry and warm in cold and wet working conditions. The boot is resistant to oils, fats, organic solvents and a variety of chemicals. The SelfCleaning XtremeGrip PU / TPU SRC outsole offers superior safety and grip in all conditions. The red TPU area in the outsole improves the outsole performance by 10% compared to a traditional PU sole. The anti clog / selfcleaning tread pattern is designed to spit out any debris, mud, food pieces, stones, ... as you walk Thanks to the best BASF polyurethane raw material this is the world's most comfortable and versatile rigger thermo working boot. Lightweight, strong, flexible, warm and with a durability 3 to 4 times longer compared to the traditional pvc and rubber boots. The superior durability and competitive pricing offers important cost savings. Techno TROYA RIGGER ALASKA XtremeGrip PU/TPU : the best and most comfortable solution for all jobs in cold environments. No more heavy or tired legs after a hard day's work. Techno TROYA RIGGER ALASKA XtremeGrip PU / TPU has the following certificates : CE, S4, S5, SRC (SRA + SRB), CI (cold insulation).
