PRODUCT DESCRIPTION TECHNO TROYA ULTRAGRIP

The Techno TROYA UltraGrip offers the best comfort, safety and durability for all activities. It offers thermal insulation down to - 30°C / - 22°F. Techno TROYA keeps your feet dry and warm in cold and wet working conditions. The boot is resistant to oils, fats, organic solvents and a variety of chemicals. The UltraGrip SR outsole offers superior safety and grip in all conditions. Thanks to the best BASF polyurethane raw material this is the world's most comfortable and versatile working boot. Lightweight, strong, flexible and with a durability 3 to 4 times longer compared to the traditional pvc and rubber boots. The superior durability and competitive pricing offers important cost savings. The removable, shockabsorbing and washable insoles give you the comfort you deserve. Techno Troya UltraGrip : the best and most comfortable solution for all jobs. No more heavy or tired legs after a hard day's work. Techno TROYA UltraGrip has the following certificates : CE, S4, S5, SR, CI (cold insulation), FO.
