PRODUCT DESCRIPTION TECHNO SUPER THERMO -70 °C XTREMEGRIP

The Techno SUPER THERMO XtremeGrip offers the best comfort, safety and durability for all activities. It offers thermal insulation down to -70 °C / -94 °F. Techno SUPER THERMO keeps your feet dry and warm in the coldest working conditions. The boot is resistant to oils, fats, organic solvents and a variety of chemicals. The XtremeGrip PU / TPU SR outsole offers superior safety and grip in all conditions. The red TPU area in the outsole improves the outsole performance by 10% compared to a traditional PU sole. The anti clog / selfcleaning tread pattern is designed to spit out any debris, mud, food pieces, stones, ... as you walk Thanks to the best BASF polyurethane raw material this is the world's most comfortable and versatile working boot. Strong, flexible and with a durability 3 to 4 times longer compared to the traditional pvc and rubber boots. The superior durability and competitive pricing offers important cost savings. The removable, shock absorbing and washable insoles give you the comfort you deserve. Techno SUPER THERMO XtremeGrip PU/TPU : the best and most comfortable solution for all jobs in cold environments. No more heavy or tired legs after a hard day's work. Techno SUPER THERMO XtremeGrip PU/TPU has the following certificates : CE, O4, S4, S5L, SR, CI (Cold Insulation).
