midsole : EN ISO 20345 : 2022+A1:2024 SR CI FO

### PRODUCT DESCRIPTION TECHNO THERMO -50°C ULTRAGRIP

The Techno THERMO -50°C UltraGrip offers the best comfort, safety and durability in cold environments. It offers thermal insulation down to -50°C / -58°F. Techno THERMO keeps your feet dry and warm in the coldest working conditions. The boot is resistant to oils, fats, organic solvents and a variety of chemicals. The UltraGrip SR outsole offers superior safety in all conditions. Thanks to the best BASF polyurethane raw material this is the world's most comfortable thermo boot. Lightweight, strong, flexible and with a durability 3 to 4 times longer compared to the traditional pvc and rubber boots. The superior durability offers important cost savings. The orthopedic, removable footbeds with arch support give you the comfort you deserve. Techno THERMO - 50°C UltraGrip : the best solution in cold environments. No more heavy or tired legs after a hard day's work. Techno THERMO has the following certificates : CE, CSA, S4, S5L, SR, CI (cold insulation), FO.
